# EXAMPLE OF HOW TO WRITE ABOUT...

## PART TIME WORK

“For the past two years I have worked as a part time waitress. Though not directly related to my degree, I have developed my communication skills by frequently interacting with customers. I have additionally recognised the importance of preparation, organisation and punctuality as a result of this job; these will be essential during my time as a university student.”

Here, referring to important soft skills that can be transferred to university based scenarios.

You don't always have to link everything to the course subject; it's good to consider how you might apply yourself on the whole as a student too!

Don't forget your A B C's. Like Point, Evidence, Explain in English, we can use the acronym **ABC** to ensure we have covered everything in our super curricular example:

**A** Activity

**B** Benefit

**C** Course
