

NORWICH REPLICATION GAMES

MONDAY 10TH JULY, 2023

UNIVERSITY OF EAST ANGLIA, NORWICH, UK

We are looking for faculty members, post-docs, and PhD students interested in a one-day replication challenge.

Participants will be **granted co-authorship** on a meta-paper combining the replications and will have the **opportunity to publish** their work.

Participants will be matched based on field, and a study from a leading economics or political science journal will be assigned to each team based on interests.

The event will take place **in person** at the University of East Anglia, School of Economics (remote participation will be considered in exceptional circumstances), with one night's accommodation being covered for external participants.

Interested researchers and/or teams should register and submit their field of study and preferred statistical software via this [MS Form](#). Please note that each participant will need to register individually.
